What is the best thing you learned during your time at Wittenberg in the Education Department that has impacted your professional work?

I think the best this I learned at Wittenberg that has impacted my professional work was how to give exceptional feedback. I also believe that the huge focus that Witt has on creating a growth mindset for my students was also extremely beneficial to my work today.

---

In regards to your professional work, what is the one thing you wished you learned during your time in the Wittenberg Education Department?

I wish I could have learned a bit more about specific learning disabilities and how they effect the math classroom.

---

Are you currently employed as a teacher or in another capacity that requires a teaching credential?

What is the best thing you learned during your time at Wittenberg in the Education Department that has impacted your professional work?

Some thing that I learned while at Wittenberg that I have realize within the last few months, is that coming to Wittenberg and to the education department for four years is learning the science of teaching. Going out into the work world and into the world of teaching is when you learn the art of teaching.

---

In regards to your professional work, what is the one thing you wished you learned during your time in the Wittenberg Education Department?

I wish I would've learned more realistic strategies to use when it came to student management.

---

Are you currently employed as a teacher or in another capacity that requires a teaching credential?

---

---

What is the best thing you learned during your time at Wittenberg in the Education Department that has impacted your professional work?

I learned how to make connections and network in the field of education.

---
