Deductible

An amount you could owe during a coverage period (usually one year) for covered health care services before your plan begins to pay. An overall deductible applies to all or almost all covered items and services. A plan with an overall deductible may

Jane pays 100%

Her plan pays **0%**

(See page 6 for a detailed example.)

also have separate deductibles that apply to specific services or groups of services. A <u>plan</u> may also have only separate deductibles. (For example, if your deductible is \$1000, your plan won't pay anything until you've met your \$1000 deductible for covered health care services subject to the deductible.)

Diagnostic Test

Tests to figure out what your health problem is. For example, an x-ray can be a diagnostic test to see if you have a broken bone.

Durable Medical Equipment (DME)

Equipment and supplies ordered by a health care <u>provider</u> for everyday or extended use. DME may include: oxygen equipment, wheelchairs, and crutches.

Emergency Medical Condition

An illness, injury, symptom (including severe pain), or condition severe enough to risk serious danger to your health if you didn't get medical attention right away. If you didn't get immediate medical attention you could reasonably expect one of the following: 1) Your health would be put in serious danger; or 2) You would have serious problems with your bodily functions; or 3) You would have serious damage to any part or organ of your body.

Emergency Medical Transportation

Ambulance services for an <u>emergency medical condition</u>. Types of emergency medical transportation may include transportation by air, land, or sea. Your <u>plan</u> may not cover all types of emergency medical transportation, or may pay less for certain types.

Emergency Room Care / Emergency Services

Services to check for an <u>emergency medical condition</u> and treat you to keep an <u>emergency medical condition</u> from getting worse. These services may be provided in a licensed hospital's emergency room or other place that provides care for <u>emergency medical conditions</u>.

Excluded Services

Health care services that your <u>plan</u> doesn't pay for or cover.

Formulary

A list of drugs your <u>plan</u> covers. A formulary may include how much your share of the cost is for each drug. Your <u>plan</u> may put drugs in different <u>cost sharing</u> levels or tiers. For example, a formulary may include generic drug and brand name drug tiers and different <u>cost sharing</u> amounts will apply to each tier.

Grievance

A complaint that you communicate to your health insurer or <u>plan</u>.

Habilitation Services

Health care services that help a person keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Health Insurance

A contract that requires a health insurer to pay some or all of your health care costs in exchange for a <u>premium</u>. A health insurance contract may also be called a "policy" or "<u>plan</u>".

Home Health Care

Health care services and supplies you get in your home under your doctor's orders. Services may be provided by nurses, therapists, social workers, or other licensed health care <u>providers</u>. Home health care usually doesn't include help with non-medical tasks, such as cooking, cleaning, or driving.

Hospice Services

Services to provide comfort and support for persons in the last stages of a terminal illness and their families.

Hospitalization

Care in a hospital that requires admission as an inpatient and usually requires an overnight stay. Some <u>plans</u> may consider an overnight stay for observation as outpatient care instead of inpatient care.

Hospital Outpatient Care

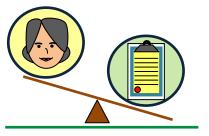

Care in a hospital that usually doesn't require an overnight stay.

Out-of-network Provider (Non-Preferred Provider)

A <u>provider</u> who doesn't have a contract with your <u>plan</u> to provide services. If your <u>plan</u> covers out-of-network services, you'll usually pay more to see an out-of-network provider than a <u>preferred provider</u>. Your policy will explain what those costs may be. May also be called "non-preferred" or "non-particiapting" instead of "out-of-network provider".

Out-of-pocket Limit

The most you *could* pay during a coverage period (usually one year) for your share of the costs of covered services. After you meet this limit the plan

Reconstructive Surgery

Surgery and follow-up treatment needed to correct or improve a part of the body because of birth defects, accidents, injuries, or medical conditions.

Referral

A written order from your <u>primary care provider</u> for you to see a <u>specialist</u> or get certain health care services. In many health maintenance organizations (HMOs), you need to get a referral before you can get health care services from anyone except your <u>primary care provider</u>. If you don't get a referral first, the <u>plan</u> may not pay for the services.

Rehabilitation Services

Health care services that help a person keep, get back, or improve skills and functioning for daily living that have been lost or impaired because a person was sick, hurt, or disabled. These services may include physical and occupational therapy, speech-language pathology, and psychiatric rehabilitation services in a variety of inpatient and/or outpatient settings.

Screening

A type of <u>preventive care</u> that includes tests or exams to detect the presence of something, usually performed when you have no symptoms, signs, or prevailing medical history of a disease or condition.

Skilled Nursing Care

Services performed or supervised by licensed nurses in your home or in a nursing home. Skilled nursing care is *not* the same as "skilled care services", which are services performed by therapists or technicians (rather than licensed nurses) in your home or in a nursing home.

Specialist

A <u>provider</u> focusing on a specific area of medicine or a group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions.

Specialty Drug

A type of <u>prescription drug</u> that, in general, requires special handling or ongoing monitoring and assessment by a health care professional, or is relatively difficult to dispense. Generally, specialty drugs are the most expensive drugs on a <u>formulary</u>.

UCR (Usual, Customary and Reasonable)

The amount paid for a medical service in a geographic area based on what <u>providers</u> in the area usually charge for the same or similar medical service. The UCR amount sometimes is used to determine the <u>allowed amount</u>.

Urgent Care

Care for an illness, injury, or condition serious enough that a reasonable person would seek care right away, but not so severe as to require <u>emergency room care</u>.

How You and Your Insurer Share Costs - Example

Jane's Plan Deductible: \$1,500 Coinsurance: 20% Out-of-Pocket Limit: \$5,000

January 1st Beginning of Coverage Period **December 31**st End of Coverage Period

Jane pays Her <u>plan</u> pays 100%

Jane hasn't reached her \$1,500 deductible yet Her plan doesn't pay any of the costs. Office visit costs: \$125 Jane pays: \$125 Her plan pays: \$0 Jane pays Her <u>plan</u> pays **80%**

Jane reaches her \$1,500
deductible, coinsurance begins
Jane has seen a doctor several times and paid \$1,500 in total, reaching her deductible. So her plan pays some of the costs for her next visit.

Office visit costs: \$125

Jane pays: 20% of \$125 = \$25 Her plan pays: 80% of \$125 = \$100
